INDEX TO VOLUME I.

Acidity, Gastric, Calcium Absorption in Relation to, 245

Acidity, Gastric, in Infants, 232

Adrenaline in Severe Rheumatic Heart-block (G. A. Sutherland), 21

Alimentary Tract, Congenital Atresia of the (W. P. H. Sheldon), 279

Allen, Fredk. M. B.: A Case of Hypertelorism without Mental Defect, 171

Atkinson, W. P. Tindal (Helen Mackay, W. L. Kinnear, and Harold F. Shaw): The Incidence of Rickets in a London Hospital Out-patient Department, 30

Atresia, Congenital, of the Alimentary Tract (W. P. H. Sheldon), 279

Bankart, A. S. Blundell: Remarks on the Deformity of Pes Cavus, 26

Barlow, Sir Thomas: Introduction to Volume I of the *Archives of Disease in Childhood*, i

Blood Transfusion. *See* Immuno-Transfusion.

Bourne, Geoffrey: Chronic Ulcerative Colitis in Children, 175

Braithwaite, J. V. C.: The Relation of Hypertelorism to Mongolism, 369

British Medical Association and Science, 122, 182

Brown, Muriel J. (and Grace Graham): Ketonæmia and Ketonuria in Childhood, 302

Calcium Absorption in Relation to Gastric Acidity: A Study of Rickets (Lucy Wills, Phyllis Sanderson, and Donald Paterson), 245

Capon, Norman B.: Nephritis in Childhood, 141

Cirrhosis, Hepatic, in Children; with special reference to the Biliary Forms (F. J. Poynton and W. G. Wyllie), 1

Coates, Vincent (and Carey F. Coombs): Observations on the Rheumatic Nodule, 183

Colitis, Chronic Ulcerative, in Children (Geoffrey Bourne), 175

Conn, J. C. M. (and Shepherd Dawson): Effect of Encephalitis Lethargica on the Intelligence of Children, 357

Coombs, Carey F. (and Vincent Coates): Observations on the Rheumatic Nodule, 183

Copeman, W. S. C.: Some Experiments with Hæmolytic Streptococcus Toxin of Varying Origin in Connection with the "Dick" Test for Scarlet Fever, 342.

Creatinine Coefficient in the Infant (O. S. Rougichitch), 348

Creatinine and Creatine, the Day-and-Night, in the Urine of Infants (O. S. Rougichitch), 289

Dactylitis, Tuberculous, in Infancy (Gertrude Herzfeld and Margaret C. Tod), 295

Darby, Ruth (and Donald Paterson): A Study of Rickets—Incidence in London, 36

Dawson, Shepherd (and J. C. M. Conn): Effect of Encephalitis Lethargica on the Intelligence of Children, 357

Death, Fœtal, a Contribution to the Study of the Causation of (Clara Dunbar Tingle) 255

"Dick" Test for Scarlet Fever, some Experiments with Hæmolytic Streptococcus Toxin of Varying Origin in Connection with the (W. S. C. Copeman), 342

Drummond, W. B.: A Case of Hypertelorism, 166

Duodenal Stenosis, Congenital, due to Peritoneal Bands (T.Twistington Higgins and Donald Paterson), 285

Empyema in Children, the Remote Prognosis of (J. M. Smellie), 99

Encephalitis Lethargica, Effect of, on the Intelligence of Children (J. C. M. Conn and Shepherd Dawson), 357

Enteritis, Chronic, in Children, Lambliasis as a Cause of (Reginald Miller), 93

Erratum, 322

Evans, E. Laming (and N. Ross Smith): Congenital Absence of Tibia, 194

Feeding of Infants. *See* Infant feeding.

Fever, Scarlet, some Experiments with Hæmolytic Streptococcus Toxin of Varying Origin in Connection with the "Dick" Test for (W. S. C. Copeman), 342

Fever, Scarlet, Effects of, on Rheumatic Subjects (F. J. Hector), 339

Fœtal Death. *See* Death.

Fordyce, A. Dingwall: Scholastic and Intelligence Tests, 230; Erratum, 322

Gastric Acidity, Calcium Absorption in Relation to: A Study of Rickets (Lucy Wills, Phyllis Sanderson, and Donald Paterson), 245

Gastric Acidity in Infants (Lucy Wills and Donald Paterson), 232

Graham, Grace (and Muriel J. Brown): Ketonæmia and Ketonuria in Childhood, 302

Harrison, G. A.: An Investigation into Sclerema Neonatorum; with special reference to the Chemistry of the Subcutaneous Tissues, Part I, 63; Part II, 123.—Notes on Measures in Infant Feeding, 58

Heart-block, Severe Rheumatic, Adrenaline in (G. A. Sutherland), 21

Hector, F. J.: Effects of Scarlet Fever on Rheumatic Subjects, 339

Hepatic Cirrhosis. *See* Cirrhosis.

Herzfeld, Gertrude (and Margaret C. Tod): Tuberculous Dactylitis in Infancy, 295

Higgins, T. Twistington (and Donald Paterson): Congenital Duodenal Stenosis due to Peritoneal Bands, 285

Hypertelorism (W. B. Drummond), 166

Hypertelorism Without Mental Defect, a Case of (Fredk. M. B. Allen), 171

Hypertelorism, Relation of, to Mongolism (J. V. C. Braithwaite), 369

Immuno-Transfusion, Four Cases of, with Remarks on the Method (E. I. Lloyd and B. E. Schlesinger), 54

Infant Feeding, Notes on Measures in (G. A. Harrison and Hugh Thursfield), 58

Intelligence of Children, Effect of Encephalitis Lethargica on the (Shepherd Dawson and J. C. M. Conn), 357

Intelligence and Scholastic Tests (A. Dingwall Fordyce), 230; Erratum, 322

Intestine, Acute Invagination of, in Small Children (S. Monrad), 323

Ketonæmia and Ketonuria in Childhood (Muriel J. Brown and Grace Graham), 302

Ketonuria and Urinary Acidity (Kenneth H. Tallerman), 50

Kinnear, W. L. (W. P. Tindal Atkinson, Helen Mackay, and Harold F. Shaw): The Incidence of Rickets in a London Hospital Out-patient Department, 30

Lambliasis as a Cause of Chronic Enteritis in Children (Reginald Miller), 93

Lloyd, E. I. (and B. E. Schlesinger): Four Cases of Immuno-Transfusion, with Remarks on the Method, 54

London, the Special Schools of (F. C. Shrubsall), 85

Mackay, Helen (W. P. Tindal Atkinson, W. L. Kinnear, and Harold F. Shaw): The Incidence of Rickets in a London Hospital Out-patient Department, 30—A Note on the Clinical Diagnosis of Rickets in Infancy, 33

McNee, J. W.: Sclerema Neonatorum, Histological Examination of the Subcutaneous Tissues, 69

Measures in Infant Feeding, Notes on (G. A. Harrison and Hugh Thursfield), 58

Miller, Reginald: Lambliasis as a Cause of Chronic Enteritis in Children, 93

Moncrieff, Alan: Current Problems in the Tuberculosis of Childhood: Infection, Diathesis, Artificial Pneumothorax, Preventive Inoculation, 114

Mongolism, the Relation of Hypertelorism to (J. V. C. Braithwaite), 369

Monrad, S.: Acute Invagination of the Intestine in Small Children, 323

Nephritis in Childhood (Norman B. Capon), 141

Nephritis in Children and its Prognosis (Donald Paterson and W. G. Wyllie), 103

Paterson, Donald (and Ruth Darby): A Study of Rickets: Incidence in London, 36—(and W. G. Wyllie): Nephritis in Children and its Prognosis, 103—(and Lucy Wills): Gastric Acidity in Infants, 232—(Lucy Wills and Phyllis Sanderson): Calcium Absorption in Relation to Gastric Acidity (A Study of Rickets), 245—(and T. Twistington Higgins): Congenital Duodenal Stenosis due to Peritoneal Bands, 285

Pes Cavus, Remarks on the Deformity of (A. S. Blundell Bankart), 26

Poynton, F. J. (and W. G. Wyllie): Hepatic Cirrhosis in Children; with special reference to the Biliary Forms, 1

Purpura Hæmorrhagica, Recent Advances in the Diagnosis and Treatment of (Bruce Williamson), 39

Rheumatic Heart-block, Severe, Adrenaline in (G. A. Sutherland), 21

Rheumatic Nodule, Observations on the (Vincent Coates and Carey F. Coombs), 183

Rheumatic Subjects, Effects of Scarlet Fever on (F. J. Hector), 339

Rickets, the Incidence of, in a London Hospital Out-patient Department (W. P. Tindal Atkinson, Helen Mackay, W. L. Kinnear, and Harold F. Shaw), 30

Rickets in Infancy, a Note on the Clinical Diagnosis of (Helen Mackay), 33

Rickets, a Study of: Incidence in London (Donald Paterson and Ruth Darby), 36

Rickets, a Study of: Calcium Absorption in Relation to Gastric Acidity (Lucy Wills, Phyllis Sanderson, and Donald Paterson), 245

Rougichitch, O. S.: The Day-and-Night Creatinine and Creatine in the Urine of Infants, 289—The Creatinine Coefficient in the Infant, 348

Scarlet Fever. *See* Fever.

Schlesinger, B. E. (and E. I. Lloyd): Four Cases of Immuno-Transfusion, with Remarks on the Method, 54

Scholastic and Intelligence Tests (A. Dingwall Fordyce), 230

Schools, Special, of London (F. C. Shrubsall), 85

Science and the British Medical Association, 122, 182

Sclerema Neonatorum, Investigation of: with special reference to the Chemistry of the Subcutaneous Tissues (G. A. Harrison), Part I, 63; Part II, 123—Histological Examination of Subcutaneous Tissues (J. W. McNee), 69

Shaw, Harold F. (W. P. Tindal Atkinson, Helen Mackay, and W. L. Kinnear): The Incidence of Rickets in a London Hospital Out-patient Department, 30

Sheldon, W. P. H.: Congenital Atresia of the Alimentary Tract, 279

Shires B.: X-ray Examination of Subcutaneous Tissue and Related Chemical Findings, 80

Shrubsall, F. C.: The Special Schools of London, 85

Smellie, J. M.: The Remote Prognosis of Empyema in Children, 99

Smith, N. Ross (and E. Laming Evans): Congenital Absence of Tibia, 194

Stenosis, Congenital Duodenal, due to Peritoneal Bands (T. Twistington Higgins and Donald Paterson), 285

Sutherland, G. A.: Adrenaline in Severe Rheumatic Heart-block, 21

Tallerman, Kenneth H.: Ketonuria and Urinary Acidity, 50

Tests, Scholastic and Intelligence (A. Dingwall Fordyce), 230; Erratum, 322

Tibia, Congenital Absence of (E. Laming Evans and N. Ross Smith), 194

Tingle, Clara Dunbar: A Contribution to the Study of the Causation of Fœtal Death, 255

Tod, Margaret C. (and Gertrude Herzfeld): Tuberculous Dactylitis in Infancy, 295

Tuberculosis of Childhood, Current Problems in: Infection, Diathesis, Artificial Pneumothorax, Preventive Inoculation (Alan Moncrieff), 114

Tuberculous Dactylitis. *See* Dactylitis.

Ulcerative Colitis. *See* Colitis.

Urinary Acidity and Ketonuria (Kenneth H. Tallerman), 50

Urine of Infants, the Day-and-Night Creatinine and Creatine in the (O. S. Rougichitch, 289—The Creatinine Coefficient in (O. S. Rougichitch), 348

Williamson, Bruce: Recent Advances in the Diagnosis and Treatment of Purpura Hæmorrhagica, 39

Wills, Lucy (and Donald Paterson): Gastric Acidity in Infants, 232—(and Phyllis Sanderson and Donald Paterson): Calcium Absorption in Relation to Gastric Acidity (A Study of Rickets), 245

Wyllie, W. G. (and F. J. Poynton): Hepatic Cirrhosis in Children, with special reference to the Biliary Forms, 1—(and Donald Paterson): Nephritis in Children and its Prognosis, 103
